REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Any comments considered necessary by applicant must be submitted no later than the Payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

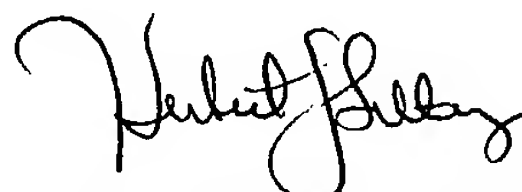

The reference to Besette et al teaches the use of thymol as well as carvacrol in a pesticidal composition but there is no suggestion or motivation for one of ordinary skill in the art to employ a third component that requires a salt containing a transition element. The reference teaches on page 13 of WO 01/18201:

"If desired, colorants such as.....and trace elements, such as salts of iron...boron, copper...and zinc may be used." which disclosure does not render obvious the claimed invention(s).

Thus the products as claimed are not considered predictable in view of the references of record and the instantly claimed inventions are unobvious and patentable over the references of record.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Examiner Lilling whose telephone number is 571-272-0918** and **Fax Number** is (703) 872-9306 or SPE Michael Wityshyn whose telephone number is 571-272-0926.
